

Date of Bulletin:	March 29, 2024
Notice #:	CCBFTR02204
Audience:	IXC, Wireless, ILEC, CLEC, Reseller, ISP
Subject:	Area Code Overlay for the Minnesota 507 NPA
Date Effective:	Mandatory 10-Digit Dialing Begins 07/30/2024

As previously [communicated](#), the Minnesota Public Utilities Commission approved the addition of the new 924 area code to the geographic region of the 507 area code. This process is known as an area code overlay.

Beginning July 30, 2024:

10-digit signaling is required for all calls terminating in all Frontier Communications end offices, access tandems, and intraLATA tandems in the existing 507 NPA. Failure to comply with the required 10-digit signaling will result in call failures.

A [sample customer](#) letter has been developed to assist with communicating permissive and mandatory dialing time frames to end user customers. Please adjust the contact information accordingly.

The 507/924 overlay will not affect existing local calling areas or rates. No existing 507 NPA numbers will be changed and all existing 507 NPA numbers will retain the existing NPA.

If you have questions regarding the information provided in this notice, please contact your Frontier Account Manager, call the number showing on your bill, or you may access the Minnesota Public Utilities Commission website at: <https://mn.gov/puc/>.
