Advice Letter No. 12969

Frontier California Inc. (Frontier) (U-1002-C) to the Public Utilities Commission State of California

Subject: D.21-10-020 Ordering Paragraph 6, Compliance Filing – June 18, 2025 Franklin Fire Declared State of Emergency

Purpose

The purpose of this Tier 2 Advice Letter (AL) filing is for Frontier California Inc. (U-1002-C) (Frontier) to demonstrate its compliance with Ordering Paragraph (OP) 6 of D.21-10-020 (Decision) which states:

Within 60 days after service is restored and all restoration or rebuilding work is complete following a disaster discussed in Ordering Paragraphs 4 and 5, the facilities-based wireline or wireless provider shall file a Tier 2 Advice Letter. The Tier 2 Advice Letter shall be filed with Commission's Communications Division at TD._PAL@cpuc.ca.gov, and also provided to the same individuals and entities as required by the initial Tier 1 Advice Letter. This Tier 2 Advice Letter shall include:

- a. a summary of restoration and/or rebuild activities;*
- b. a summary of the meetings and other communications that took place;*
- c. a summary of any changes made after the meet and confer meeting(s);*
- d. a summary of any energy/communication infrastructure added or changed, as well as the location, including a map; and*
- e. other issues that caused delays, such as land rights, permits, or discussions with certain entities.*

Report

The Franklin Fire occurred in Frontier California Inc.'s service area damaging fiber and copper cable in multiple locations. Restoration and repairs were addressed by Frontier's construction team upon gaining access to the fire area on December 11, 2024. All restoration and repairs have been completed as of January 24, 2025.

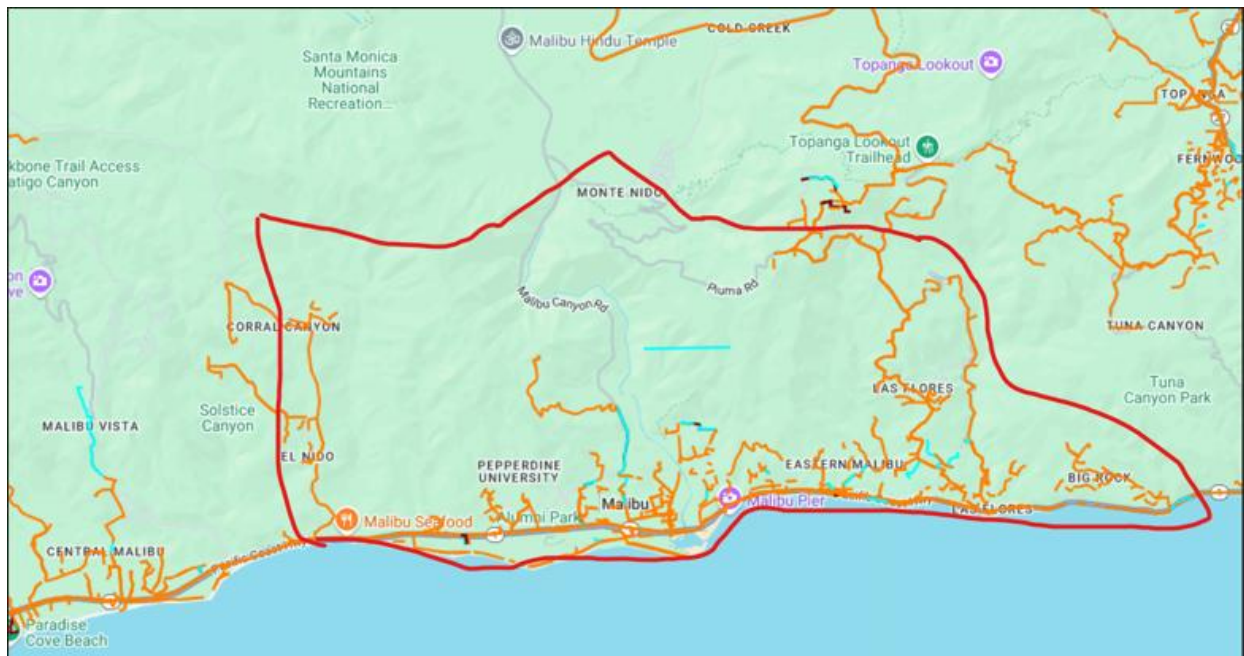

Note, the Franklin Fire State of Emergency was declared on June 18, 2025 and restoration work was completed as of January 24, 2025. Therefore, it is not feasible to meet the Decision's requirement to file a Tier 2 Advice Letter within 60 days from restoration completion. This report is being submitted subsequent to retrieving historical detail records from Frontier's construction and engineering team involved with the Franklin Fire damage assessment and restoration efforts.

The following table outlines the service area damages and completion timelines. Cable was replaced on a like for like basis. Some customers were able to receive service quickly by moving to a fiber service where our fiber cable was not damaged. Due to the fact that damage was minimal and that the State of Emergency was not designated until approximately six months after full restoration, meetings with local officials were not scheduled.
