Re: Frontier North, Inc. and Frontier Midstates, Inc. Tariff M.P.S.C. No. 25R
Special Access Rates

Please find enclosed a tariff filing for Frontier North, Inc. and Frontier Midstates, Inc. to become effective January 1, 2026. The purpose of this filing is to increase Voiceband Facilities, Digital Data Service Facilities, High Capacity DS1 Facilities, DS1 Term Volume Plan, and Clear Channel Capability rates.

Should you have any questions concerning this filing, please contact Teresa Ali at 585-777-7572.

Sincerely,

/s/ Teresa M. Ali

FACILITIES FOR INTRASTATE ACCESS

5. **SPECIAL ACCESS** (Cont'd)

5.8 Miscellaneous Special Access Services

5.8.1 Clear Channel Capability

(A) Description of Service

An arrangement that allows the customer to transport 1.536 Mbps of information through a DS1 with no constraint on the quantity or sequence of one (mark) and zero (space) bits utilizing the Bipolar with Eight Zero Substitution (B8ZS) method of providing bit sequence independence. This arrangement is capable of transporting DS1 signals which utilize Superframe or Extended Superframe Format (ESF) as defined by the American National Standards Institute (ANSI) T1.107-1988 standard. The installation interval for Clear Channel Capability may exceed standard intervals where equipment in the central office is not readily available. The charges apply on a per SAL basis. Clear Channel Capability for DS1 is provided under Section 11.8.3(G) to the Federal Government.

This arrangement requires the customer signal at the channel interface to conform to the B8ZS method of providing bit sequence independence, as described in ANSI T1.102-1987 and Section 6103 of the Technical Interface Reference Manual.

- (B) The DS1 Special Access Line provided under this tariff will not be billed when used with ISDN PRI that uses alternate higher capacity digital facilities for the loop transport. This includes, i.e., providing service under the FCC Tariff No. 6,– Optical Networking when the optical node is at the same location, DS3s, or comparable local tariffs and special assemblies. A DS1 Special Access Line provided to the serving wire center at which the customer obtains ISDN PRI Service will be transmitted with B8ZS Clear Channel Capability per Technical Reference Publication GR-342, Issue 1.

(C) Rates, Per DS1 SAL:

<u>Nonrecurring Charge</u>	<u>Monthly Rate</u>	
\$90.00	\$1,155.44	(I)
